

## Industrial & Engineering Chemistry

*Making Chemistry Work!*

### **I&EC Fellow Categories**

#### ***I&EC Fellow*** (up to two awarded annually)

A chemist or engineer from an academic, industrial, or government laboratory who has made significant, innovative contributions to the area of applied chemistry or engineering over the course of their career. The awardees will be recognized at and be asked to contribute a talk to the I&EC awards symposium (typically at the spring meeting the ACS) and will receive free registration for this ACS meeting, be reimbursed up to \$1000 towards travel, and be given 1 year free membership to the I&EC Division. While not required, it is customary for the nominator to organize an honorary symposium around the nominee's area of expertise in conjunction with the I&EC Programming Chair.

#### ***I&EC International Fellow*** (up to one awarded annually)

A chemist or engineer currently working outside of the United State of America from an academic, industrial, or government laboratory who has made significant, innovative contributions to the area of applied chemistry or engineering over the course of their career. The awardees will be recognized at and be asked to contribute a talk to the I&EC awards symposium (typically at the spring meeting the ACS) and will receive free registration for this ACS meeting, be reimbursed up to \$2500 towards travel, and be given 1 year free membership to the I&EC Division. While not required, it is customary for the nominator to organize an honorary symposium around the nominee's area of expertise in conjunction with the I&EC Programming Chair.

#### ***I&EC Early Career Fellow*** (up to one awarded annually)

An early career (40 years old or younger) chemist or engineer from an academic, industrial, or government laboratory who has made significant, innovative contributions to the area of applied chemistry or engineering over the course of their career. The awardees will be recognized at and be asked to contribute a talk to the I&EC awards symposium (typically at the spring meeting the ACS) and will receive free registration for this ACS meeting, be reimbursed up to \$1000 towards travel, and be given 1 year free membership to the I&EC Division. While not required, it is customary for the nominator to organize an honorary symposium around the nominee's area of expertise in conjunction with the I&EC Programming Chair.

#### ***I&EC Applied Chemical Technology Fellow*** (up to one awarded annually)

An Associates or Bachelors degreed (terminal) chemist or engineer from an academic, industrial, or government laboratory who has made significant, innovative contributions to the area of applied chemistry or engineering over the course of their career. The awardees will be recognized at and be asked to contribute a talk (optional) to the I&EC awards symposium (typically at the spring meeting the ACS) and will receive free registration for this ACS meeting, be reimbursed up to \$1000 towards travel, and be given 1 year free membership to the I&EC Division.

### Industrial & Engineering Chemistry Fellows Award Nomination Form

The Industrial & Engineering Chemistry (I&EC) Division of the American Chemical Society (ACS) annual awards I&EC Fellows awards in up to four categories. Applications must have a nominator who is a member of the I&EC Division, but the nominee does not have to be a member of the I&EC Division or the ACS.

This form shows the required documents to be submitted for a nominee to be considered and should be completed and attached as a cover page to the application packet.

Nominee name:

Nominator name:

Nominator is a member of the I&EC Division?      Yes

Nominator ACS membership number:

	Fellow	International	Early Career	Applied Chemical Technology
Select award	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Completed copy of nomination form	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Nominator Letter of support	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Nominator Proof of I&EC Membership	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Second letter of support	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Nominee Curriculum Vita/Resume	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Up to five high impact patents or publications	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> (optional)
Age (in year) as of December 31 for the nomination year			<input type="checkbox"/>	
Verified AA/BS/BE terminal degree				<input type="checkbox"/>
